ALEXANDRIA, VA. THURSDAY EVENING, NOVEMBER 11, 1909.

PRICE 2 CENTS

The Story of a Medicine.

Its name—"Golden Medical Discovery"—was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness, and kindred derangements of the system, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the full list of its ingredients, printed on the bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strictest endorsement from the leading medical experts, chemists and writers on *Natural Medicine* who recommend them as the very best remedies for the diseases for which "Golden Medical Discovery" is advised.

A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed free to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompanied with catarrhal discharges, hoarseness, sore throat, lingering, or hanging coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and nowhere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It will cure the affections that lead up to consumption, if taken in time.

A Reliable Remedy FOR CATARRH

Ely's Cream Balm

is quickly absorbed. Gives Relief at Once. It cleanses, soothes, heals and protects the diseased membrane resulting from Catarrh and drives away a Cold in the head quickly. Restores the Senses of Taste and Smell. Full size 50 cts. at Druggists or by mail. Liquid Cream Balm for use in atomizers 75 cts.

[Entered at the Postoffice at Alexandria, Virginia, as second-class matter.]

FOUND DEAD IN HOTEL.

Edwin Hills, a banker and manufacturer, of Plainville, Ct., who disappeared in New York Tuesday afternoon, and for whom the police had sent out a general alarm, was found late yesterday afternoon, dead, in a room at the Gilsey House. He had gone to the hotel and registered with a woman as Mr. and Mrs. Charles French, of Hartford, Ct. Coroner Shady said that death was undoubtedly due to natural causes, probably heart disease.

Mr. Hills came to New York Tuesday afternoon, accompanied by his wife. Soon after arriving, Mr. Hills said that he had to go to the Borgefeld Building, in west Fourth street, to see a Mr. Fitzpatrick. When her husband did not return Tuesday evening Mrs. Hills became alarmed. After waiting till well along in the evening she reported the case to police headquarters.

Early Tuesday evening the missing man entered the Gilsey House, where he is not known. With him was a woman. They registered as Mr. and Mrs. Charles French, Hartford, Ct. The woman was a blond and apparently about 30 or 35 years old. They were assigned to a room and went upstairs. Some time yesterday morning the woman came down and left the key at the desk.

In the room were found all the valuables which Mr. Hills had with him when he left the Imperial and \$80 out of the \$100 that he carried. There was a diamond ring valued at \$500, a pearl pin worth \$500, another worth about \$400, a Swiss watch worth \$350 and a locket set with diamonds, which was valued at \$450.

MONORAIL CAR A SUCCESS.

The new monorail car, which works on the principle of the gyroscopes, and which was first shown in London in model form some eighteen months ago before the Royal Society by its inventor, Louis Brennan, C. B., received its first public demonstration yesterday on a full scale on the war office grounds. The guests witnessed a spectacle as marvelous and as revolutionary from the standpoint of transportation as that which aeroplanes have furnished during the past two years.

They saw a car 40 feet long, 10 feet wide, and 13 feet high, weighing 22 tons, mounted on a single rail running freely about curves of all sorts and angles, carrying 40 passengers with as complete safety and far less vibration than the ordinary passenger car. The vehicle runs in a circle an eight of a mile in circumference at a speed of 25 miles an hour, with 80 horse-power, without the slightest tendency to leave the rail.

Two gyroscopes weighing three-quarters of a ton each automatically supply stability. The rail resembles an ordinary one except that the top is somewhat curved and that the rims of the wheels correspond to this curve. The gyroscopes make 3,000 revolutions a minute in vacuo. The motive power is entirely self-contained in a petrol engine, which is used to drive the dynamo.

Mr. Brennan is convinced that the monorail will soon revolutionize railroad transportation. With vehicles double and treble the size of the present one, a speed of 150 miles an hour can be attained with greater safety than 60 miles an hour under the present transportation conditions.

ACTRESS REFORMS PREMIER.

M. Briand, France's new prime minister, has reformed. A charming young actress is said to be responsible for having led the strayed lamb back into the fold. M. Briand is no longer fighting the clergy. He is leaving the church and the churchmen in peace. Having declared that Christianity had served its purpose, and that its usefulness was gone, M. Briand now follows Mlle Helene Bixone to midnight mass at the Madeleine, and has become the intimate friend of the clerical Arthur Meyer, of the Gaulois. And behind this sudden reformation is the brilliant and beautiful young actress of the Theater des Capucines.

M. Briand was first attracted by her great talent; then he became fascinated with her beauty, and finally her virtue and piety won him over completely. She pleaded for peace between church and state; and now peace reigns supreme. Mlle. Bixone attends mass every day and says her prayers after the performance at the theater every night, and her spiritual charm has subdued M. Briand completely. This young actress was wooed, but not won, by one of the great millionaires over in America. Paris is quite proud of Mlle. Bixone, and Parisians probably would not have consented to her marriage with even an American Croesus.

Fifty years' experience of an Old Nurse—Mrs. Winslow's Soothing Syrup is the prescription of one of the best female physicians and nurses in the United States, and has been used for fifty years with never-failing success by millions of mothers for their children. It relieves the child from pain, cures diarrhea, griping in the bowels, and wind colic. By giving health to the child, it rest the mother. Twenty-five cents a bottle, oct 20 cents.
